

Annual Summary for Tresham Church

In the financial year 2020 our finances were squeezed by the the Parish Share payable to Gloucester Diocese which continues to increase and the reduction in services due to Covid-19 which reduced our income.

In February we were obliged to have the ceiling surveyed because cracks had been seen. The survey cost £1800 plus vat and consequent repairs will be several thousand pounds.

We hope to adapt the church building for wider community use which would provide an amenity for the village and additional income for the building. We are very grateful for the support of local people through the collection box, our fund-raising activities and by grants and donations.
