

Annual Summary for Tresham Church

In the financial year ended 31 December 2021 we suffered our largest General Fund deficit ever at £1200, income levels having not fully recovered from the effects of Covid. The Parish Share payable to Gloucester Diocese remains too high and we are seeking a reduction for 2022.

Ceiling repairs identified last February have not yet been carried out and may have to wait as we consider the future of the building.

We have recently surveyed the village to understand people's thoughts on the use of the church building – we had 43 respondents from 47 households. This will inform the question of whether to adapt it for wider community use.

We are very grateful for the support of local people through the collection box, our fund-raising activities and by grants and donations.

Richard Goodenough
